

## **SUPER ADMIN:**

- Admin > User Subscription  
All Party Should Show (But Here Only Few Party Show)  
(Expired Party Color Change).
- When Delete Any Category Then Warning Message Show Wrong (You Are Not Eligible For Delete But Actual it Has Been Deleted)
- Admin > Category > When Search For Any Category And If That Category Deleted Still It Show Other Category Name.(Here We Need No data found).
- Admin > Our Activity > Add New Activity > When select image or video then showing all images include all product Images.
- Admin > our activity > When Press Back Key Directly Move to advertise section same thing reverse happen.
- Admin > Id number should come in sorting like 1, 2, 3 ...and so on but here E.G. admin > customer suggestion.
- Admin > seller > bulk upload Do not happen properly.  
Business category doesnot show

Country , state , any other number changes

Any other number Show address

In website Comes other things etc...

- Admin > Slider > When select image then showing all images include all product Images.
- Admin > Advertise > When select image then showing all images include all product Images.
- Admin > Product > Can not edit or update.
- Admin > Help & Support > What is copy to clipboard.
