

PLASTIC WASTE DO's & DON'ts

Do's:

- Replace plastic water bottles, cups, and food containers with glass, cloth, ceramic and stainless steel products
- Eat and cook with fresh foods.
- Especially limit your use of plastics if you are pregnant and/or have young children who are at a greater risk since they are still developing
- Find a food store where you can get your fresh produce wrapped in paper, rather than plastic.
- Use aluminum foil to wrap food rather than plastic cling wrap
- Bring your own bags whenever you shop, not just for the supermarket. By bringing your own bag, you alone can save between 400 and 600 plastic bags per year.
- Re-use your "single use" plastic bags to hold household garbage, pet waste and other items.
- If you have plastic bags, please use and reuse them to the maximum extent possible.
- Please return plastic cups, milk pouches, bags after using the products to retail from where it was purchased or at the below mentioned authorized recycler.

Don'ts:

- Use plastic containers or bottles with the recycling numbers 3 (Polyvinyl Chloride, PVC), 6 (Polystyrene, PS), and 7 (Other),
- Microwave plastic containers.
- Wash plastic containers in the dishwasher. If plastics are being used, wash by hand with warm water.
- Use harsh chemical detergents on plastic products
- Use plastics that are old, worn, and scratched
- Forget children and adults can ingest small amounts of BPA when drinking/eating from cups or containers with the chemical.

The following retailers have Plastic Collection Bins located at their front entrance. It is important to confirm with your local store first.

Below is the list of drop-off locations which will accept your return of plastic waste

Collection Points / Collection Centers

We have sign an agreement with M/s. **GLOBAL WASTE SOLUTION**, who are an authorized recycler having authorization from Haryana Pollution control board as our new Recycler, who shall be responsible for all the EPR activities including collection transportation storage, segregation recycling and disposal with regards to our plastic waste. We will use our recycler Partner's collection points for channelization of the plastic waste. We don't have collection points in all the states but the collection points of neighbouring state will collect the plastic waste from nearby States. States wise list of collection points are given below:
